DWR To Hold Public Workshop in Woodland on Emergency Levee Repairs

SACRAMENTO – The California Department of Water Resources (DWR) is conducting a public meeting in Woodland Wednesday evening to outline emergency repairs scheduled for levee sites in the region.

In a continuing effort to prevent massive flooding, damage to property, and loss of life, DWR will be conducting emergency repairs on levee sites along Cache Creek.

DWR is conducting this meeting to provide up-to-date information and solicit community feedback pertaining to the levee repair sites listed below:

Cache Creek 3.9 L

Cache Creek 4.2 L

DWR staff will be on hand to answer any questions, provide detailed information, and disseminate educational materials.

The meeting will begin at 6 p.m. Wednesday, May 23, 2007 at the Woodland Community & Senior Center, 2001 East St., Woodland, CA.

The Department of Water Resources operates and maintains the State Water Project, provides dam safety and flood control and inspection services, assists local water districts in water management and water conservation planning, and plans for future statewide water needs.

Contact the DWR Public Affairs Office for more information about DWR's water activities.
